

# Professional pneumatic sprayer

High-quality 24 litre pneumatic sprayer for professional cleaning and industrial applications.

**Typical Applications** Food Processing • Dairy • Meat Processing • Industrial Cleaning • Vehicle Wash • Sanitation • Workshops • Agriculture • Construction Equipment • Fleet Cleaning

## NBZX25 / NBZ25X

**24 litre stainless steel pneumatic sprayer - PED 2014/68/EU**

A professional pneumatic sprayer for uniform detergent application. Fill to approximately three quarters of tank capacity and charge with compressed air up to 8 bar.

**Use note:** Always check detergent compatibility with the sprayer components before use.

<b>24 L</b> TANK CAPACITY	<b>8 bar</b> MAX PRESSURE	<b>10 m</b> HOSE LENGTH
<b>AISI 304 / 316L</b> STAINLESS STEEL	<b>11.3 kg</b> NET WEIGHT	<b>PED</b> 2014/68/EU

## KEY BENEFITS

<p><b>Professional Spray Application</b> Designed for uniform spraying in professional cleaning and spraying applications.</p>	
<p><b>Built for professional foam application</b> Pneumatic operation and a 10 m hose support efficient work around vehicles, equipment and wash bays.</p>	<p><b>Robust Stainless Steel Tank</b> Stainless steel tank with automatic level indicator for practical professional use.</p>
<p><b>Ready-to-use delivery set</b> Supplied with LC-2 stainless steel lance, spray nozzle, nozzle protection and foam head.</p>	<p><b>Italian manufacturing &amp; PED compliance</b> Manufactured in Italy in compliance with the Pressure Equipment Directive (PED) 2014/68/EU. The equipment is manufactured under the surveillance of TÜV Austria Italia in accordance with Accredia requirements.</p>

## TECHNICAL DATA

Feature	NBZX25	NBZ25X
HS Code	8424.30.10	8424.30.10
Material	Stainless steel AISI 304	Stainless steel AISI 316L
Operation	Pneumatic	Pneumatic
Capacity	24 litres	24 litres
Maximum liquid capacity	19 litres	19 litres
Spray lance length	750 mm	750 mm
Hose length	10 m	10 m
Max pressure	8 bar	8 bar
Net Weight	11.3 kg	11.3 kg
Gross Weight	12.3 kg	12.3 kg
Packing Dimensions	29 x 36 x H81 cm	29 x 36 x H81 cm

## STANDARD EQUIPMENT

- 10 m hose
- LC-2 stainless steel lance
- Spray nozzle

- Nozzle protection
- Tank with automatic level indicator
- Safety valve set at 8 bar

## Optional Accessories

The NBZX25 / NBZ25X can be configured with optional accessories to meet different cleaning applications.

 <p><b>Interchangeable Spray Nozzle Set</b> Interchangeable spray nozzles available in different diameters for different spray angles and flow rates.</p>	 <p><b>Plastic, Brass and Stainless Steel Nozzles</b> Available in plastic, brass and stainless steel according to the application and chemical compatibility requirements.</p>	 <p><b>Food-grade Nylon Wheels</b> Suitable for food processing and hygienic environments.</p>
--	--	---

Other accessories and spare parts available upon request.

## OPERATION

Fill the tank with liquid to approximately three quarters of its capacity and charge it with compressed air up to a maximum pressure of 8 bar. Always check detergent compatibility with the sprayer components before use.

### SAFETY

**Do not use solvents, explosive or corrosive liquids. Only liquids with a flash point above 65 °C may be used.**

## COMPLIANCE & ORIGIN

Manufactured in Italy in compliance with the Pressure Equipment Directive (PED) 2014/68/EU. The equipment is manufactured under the surveillance of TÜV Austria Italia in accordance with Accredia requirements.
